

Battle Song

**I'm in a battle, I'm in a fight for my life
There's an enemy
that wants to take me down, down, down
I'm in a battle, And I 'm gonna believe
Cos with Jesus on my side I've got all that I need**

With my belt of Truth on I can be totally free
So I will listen to God and what He says I'll believe.

Chorus

Jesus made it alright because He died for my sin
This is my vest of Righteousness so I put my faith in Him.

Chorus

My Force field of Faith, it keeps my spirit alive
As I believe what God says I'm taking down every lie!

Chorus

God is so Good there's always good news to tell
So with my Good News Shoes on I'm gonna tell the whole world!

Chorus

My Cross-Vision Visor shows my sin's washed away
I know God likes what He sees when He sees me today.

Chorus

You speak to my heart so I know just what to do
With my Holy Spirit phone I get my orders from You.

Chorus
